SUMMARY

High school student, 17 years old, passionate about web development and cybersecurity.

Experienced in HTML, CSS, JavaScript, and C++, with a focus on building personal projects to strengthen my skills.

My goal is to become a Full Stack Web Developer and work on real-world client projects.

WORK EXPERIENCE

Freelance Front-End Developer

2024 – Present

- Developed personal projects using HTML, CSS, and JavaScript.
- Built and published a personal portfolio website.
- Created a To-Do List App as a practice project.

2025

ACHIEVEMENTS

Completed several personal web development projects at the age of 17.

Initiated the design and development of my own programming language (nujz).

Self-taught programming skills through online learning and practical projects.

PERSONAL PROJECTS

To-Do List App (JavaScript)

- Simple task management app.

Portfolio Website (HTML, CSS)

- Personal website to showcase skills and projects.

nujz Programming Language (C++)

- Experimental interpreter project.
